GREAT EXTRA VOTE OFFER ANNOUNCED FOR CONTESTANTS

**50,000 Extra Votes For Every Club of \$10.00.
This Offer Will Close Saturday, April 22nd at
8 P. M., and There is No Limit to the Offer.
Is Best to Be Made.**

Every contestant who brings or sends in \$10 in new or old, large or small subscriptions, between the start of the contest and Saturday, April 22nd at 8 o'clock in the evening will be given a voting coupon of 50,000 extra votes in addition to the regular number of votes allowed for each subscription. The time is short, so you see you must get right to work, otherwise the offer will be of no help to you.

Remember, you are not compelled to bring or send in the \$10 in one lump sum. For instance you may bring in \$5.00 today, \$3.00 tomorrow and so on. A careful record of every dollar turned in during this clubbing offer will be kept and as soon as the contestant has a club of \$10, the extra votes will be issued to the contestant.

This offer is open to all contestants and you can easily see that by a little work you can outstrip your competitors and gain the lead.

There is no limit to this voting offer—each contestant can earn as many of these voting coupons for extra votes as possible.

Subscriptions should not be held back until April 22nd, but turned in as fast as received.

CONCERNING FUTURE EXTRA VOTE OFFERS TO BE MADE.

In every contest there are extra or bonus vote offers from

time to time and there will be extra vote offers in this campaign. But a subscription turned in at the beginning of the campaign will be counted on all future offers. This plan safeguards the interests of all candidates who work. People will tell you to wait until the last because there will be bigger vote offers announced. This is untrue of this contest for more votes will be given during this present extra vote offer than any other time in this campaign.

50,000 extra votes for every club of \$10 turned in up to 8 p.m. April 22nd.

Many Active Contestants in Subscription Campaign

It is possible that many do not as yet understand the terms upon which you may profit so handsomely by becoming a contestant in the Mountain Advocate's thousand dollar contest. It would be unfair to them were we to permit them to remain in ignorance. You are unfair to yourself if you do not acquaint yourself with every detail of this contest which we are publishing from week to week in these columns.

The contest will not close until May 20th—it is hardly started yet, it having been announced April 7th. Now is the time to

wake up—get into the campaign with the determination to come out ahead. Don't you realize what The Advocate is trying to do for you? Just think, did you or anyone else in this part of the country ever before have the chance to win such valuable prizes absolutely free, simply by securing subscriptions to The Advocate?

It is impossible for us to understand why anyone should hesitate to enter a contest in which such a magnificent array of prizes is to be given away, simply for the securing of subscriptions for such a newspaper as The Advocate.

Don't let your bridge end in midstream, remember there is always another side. Think before it is too late. Don't journey through life thinking the world owes you a living—the world owes no man or woman a living and he or she who has health and opportunity and is not willing to use their own individuality to obtain success deserves to suffer.

Now is the time that your friends can assist you without extra cost to themselves. Everybody wants to read the news while it is news, so this shows you how you can make your list of acquaintances of value to yourself without any extra cost to themselves, but one requirement is essential and that is to make every minute of your leisure time count while it will do the most good.

The subscribers of the Advocate expect to pay for same or they would not be taking it. Get the subscribers, old and new, to give you their dues to pay for them and hereby secure the votes that go with it. Persuade them to pay at least one year if possible. Each dollar you secure on subscriptions is the same to you as finding so many votes.

Remember the old saying, "Every little bit added to what you already have, makes just a bit more." This is a true saying and one that all contestants

LETCHER LINING UP FOR SAMPSON.

(KENTUCKY NEWS, WEATHERING.)

The News takes pleasure in introducing to its readers Judge Fiem D. Sampson of Barbourville, Knox county, where he is already well and favorably known to many of our citizens as a lawyer and Republican politician of liberal and progressive views; whose success has been rather phenomenal with the voters of his party as he has usually escaped opposition. By the office of the News, a man of high degree as to his worth as a citizen, his legal attainments, and his eminently fair judicial mind. Judge Sampson arrived here Tuesday and announced his candidacy for the Republican nomination for Judge of the Court of Appeals for the Seventh Appel-

late District; Primary election, Saturday, August 5, 1916, to which he aspires, and to which honor he asks promotion; which office is within keeping with his services as Circuit Judge of his district, which he now holds, and to which he was elected without opposition even in the final election, which is rather remarkable in Eastern Kentucky politics.

Judge Sampson says he feels confident of success of his candidacy, and presents good reasons therefor. It would be gratifying to him to receive the support of the voters of Letcher county, which he holds in high esteem, and where he is not altogether a stranger. He will make an active canvass and promises to address the citizens and voters at the proper time.

Here is, in brief, his record as an official: County Judge of Knox county one term; Circuit Judge two terms; present incumbent; both times without opposition.

Judge Sampson is a native of Knox county; just about forty years of age with a wealth of physical strength and mentality, which promises a long, useful and honorable life; his father, Joseph Sampson, having attained a high place in longevity; ninety-two years of age, having voted seventy-one years; and since the rise of the Republican party has voted that ticket without a "scratch" and looks forward to the coming election with a lively interest.

It is inferred that the son has emulated the example of his father in his adherence and devotion to the Republican principles. Judge Sampson, who has never suffered defeat, has the credit generally of leading his ticket. Judge Sampson graduated with high honors from the law department of the University of Indiana, a State where

Knoxville Boosters

Last Wednesday as was scheduled, the Knoxville Trade Trip Special arrived in this city at 1:43 P. M. and were met at the depot by the citizens with automobiles, who rushed them over to the public square, where an address of welcome was delivered by Dr. E. T. Franklin, President of Union College and responded to by prominent men of Knoxville, after which the Knoxville Boosters left on time for other points on their trip.

The delegation was a fine lot of men, they represented every line of business. They had a splendid band, which rendered many sweet strains of music. Barbourville, is on the Dixie Highway which runs through Pineville, Middlesboro and into Knoxville, Tenn.

Civic Club

The Civic Club met with Mrs. James D. Black on Tuesday April 4. There was a very enthusiastic meeting, twenty-eight members being present. After the other business had been disposed of, some manner of keeping the dust down was discussed, committees were appointed to take around petitions to the citizens to be signed and then Presented to the Mayor and Council to use either oil or water on the streets.

After the business meeting the club was addressed by Mrs. Chas. P. Weaver, of Louisville, former President of Kentucky Federation of Womans Clubs. She made a very helpful talk, which was enjoyed by all.

Delightful refreshments were served by Miss Black and Mesdames Owens and Archibald.

Adjourned to meet with Mrs. Archibald on Thursday April 20. All members are urged to be present.

political phenomena and intellectual activity ranks well with Kentucky; but he practiced law successfully for ten years before he entered the political domain, and only then at the earnest solicitation of his friends and associates. His decisions as Circuit Judge have been conceded as having a marked degree of fairness, and according to the number of cases he has tried he has seldom been reversed by the higher courts.

is one whose surplus is equal to its capital stock. "The Financier", a paper published in New York, gets from the Government the names of all banks whose surplus is equal to its capital, and publishes them as HONOR ROLL BANKS. Thus if a bank has a capital of \$15,000.00 and a surplus of \$15,000.00 it is an "Honor Roll Bank" just the same as a bank with a MILLION DOLLARS of CAPITAL and a MILLION DOLLARS of SURPLUS.
